

Docket # OON-1396 OOD-1598
02-04-01

Dear Commissioner,

As a consumer, gardner, granddaughter of a farmer & fellow human being, I am concerned about the quality of food I buy & consume. Therefore, I implore you to require both labeling & premarket safety testing for GMO-foods so that I may feel safe & be informed about the food I eat. Sincerely yours, Natalie Hotchkiss
