

Dear Commissioner, ^{Re Docket # OON-1396 and}
^{OOD-1598}

I would like to express my interest to you; I am very concerned about the food I eat and as a consumer would like to have genetically engineered foods and crops labeled as such. I hope that you will allow us to make the informed choices that we desire.

Thank you,

Jessica Sapumar-Jusit

OON-1396
