I am writing about Rocket # 98P-0151/CPI
the downed animal program, It is impossible to move
downed animals humanely they are inhumanely pushed
pulled, dragged with tractors and chains why do they need
to suffer longer? Over 90% of downed animals
could be prevented with better care and handling.
Prohibiting these manhandling will cause no undue
economic hardship! So please grant petition
98P-0151/CPI and prohibit the slaughter of
downed animals to make it safer for the meat
eating public and the animals!

Thank you I will look forward to
your response!
Ms. Denise Dimino
