Please indicate the type of organization you represent:

Industry _____

Government _____

Consumer Organization _____

Media _____

Law Firm _____

Educational Organization _____

Other (specify) parent of child with peanut/tree nut allergies

Do you wish to make an oral presentation?

Yes _____

No _____

If yes, you must also submit the following:

1. A brief written statement of the general nature of the views you wish to present,

00P-1322

APG III

1. I am the mother of a 6-year old daughter who has peanut and tree nut allergies that were diagnosed when she was five years old. I would appreciate the opportunity to discuss briefly my experience with food labels and food industry representatives in connection with my daughter's allergies. My statement would include making recommendations for changes that the FDA could make that I believe would simplify the daily efforts of people with food allergies or people who care for minors with food allergies. While I am not speaking on behalf of a large organization or group, I believe my experiences on this topic would not be atypical. My goal would be to present to concerned parties at the FDA who are considering changes an appreciation for the day-to-day, real-life difficulties that people with severe food allergies face because of the lack of clarity on food labels concerning ingredients and the risk of cross-contamination in the manufacturing process. If you need a written copy of my statement in advance, please contact me at the numbers listed below and I will be happy to provide it.

2. Others would not be participating in the presentation. My home address is 10204 Bignonia Drive, Laurel, MD 20708. My home phone number is 302-604-9024. My work phone number is 202-942-2839.
