

Docket # OOD-1598, OON-1396

If I had my choice I never would
choose a genetically engineered food over
one grown from a seed, probably local
gardens; on the other hand there is ~~the~~ ^{the} ~~side~~
to the issue of GE foods ~~the~~ ^{we} ~~need to~~ ^{need to} feed our
survivors world population & still make a worthwhile
profit for the big farms of corporations. There must
be a careful balance here not to destroy smaller
diverse farms, they will & must be preserved;
~~the~~ ^{the} big farms need ~~restraints~~ ^{restraints} on what they
can do to the food ~~system~~ ^{system} ~~engineer~~ ^{engineer}, ex: Terminator
Testing should be required ~~of~~ ^{of} labeling until
properly researched. Frankly ~~the~~ ^{the} ~~idea~~ ^{idea} ~~is~~ ^{is} ~~not~~ ^{not} ~~help~~ ^{help}
