

DEAR Commissioner,
The FDA should be a regulator, not a promoter of
the food industry. I am growing increasingly
concerned about the role of government in industry,
and the subsequent decline in my food choices.
I urge you to require both labelling and
pre-market safety testing of these novel foods
that present unique & unforeseen hazards. AS
I wish to avoid these foods for myself,
family, and friends, I find it frustrating
that the FDA continues to deny me my
Freedom of Choice. Sincerely, Tom Delahanty
