

2/24/01

I want to urge strong regulations on  
"genetically engineered & genetically modified"  
foods & I want to have a choice !!  
Therefore knowledge which foods are !!  
I am a Nurse Practitioner and the  
amount of chronic disease related to  
~~poor~~ nutrition is high & I choose to  
eat naturally grown from non-engineered  
seeds, animals & fish. Thank you!
