

February 27-2001

For all ~~interested persons~~ ~~persons~~,

I am concerned about
U.S. Foods that my family
and I may be consuming.
I am requesting that my
Congressmen help make the
National Organic Program
Rule a Law.

I understand that
the Bush Administration
has ordered a 60 day
stay on all regulations
issued but not in effect,
including this important
U.S. D.A. rule.

Thank you.

Sincerely,

Lola G. Redmond
