

Docket # 00N-1396, 00D-1598 3-6-01

Dear Commissioner,

As a consumer I am concerned about the quality of the food I eat, and therefore, I urge you to require both labeling and premarket safety testing for GE foods. I am concerned about the impact of GE crops on human and environmental health.

Sincerely, Venetra Pinley

00D-1598
