

Dear Dr. Henney,

I am writing to express my concern over the FDA's regulation of genetically engineered (GE) food. I request that the agency's current policies be changed, and I support all the points in docket #00P-1211/CPI.

■ All GE foods should be labeled so I am informed and have a choice.

■ GE foods should not be assumed to be "generally recognized as safe" and should have mandatory pre-market safety testing.

■ There should be a moratorium on GE foods until long-term studies show they are safe for human health, and the environment. (THAT WON'T HAPPEN)

Additional Comments

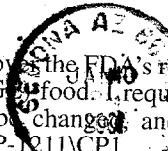

I STRONGLY SUPPORT MY RIGHT TO KNOW - I WILL NOT SUPPORT ANYONE I KNOW OF WHO SUPPORTS ANY GE current policies.
