Dear Ms. Henney,

As a parent, I am extremely concerned about the make-up of the processed foods my child so eagerly eats. In order to make an informed decision ~~of~~ on the

products I buy for her, I support

- 1) mandatory labeling of all genetically modified foods.
- 2) strict regulations for health + safety testing of GMO's.
- 3) comprehensive assessments of the environmental risks associated with GMOs.

Thank you!

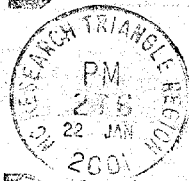

Sincerely,

Susan Stanhope
