Commissioner, Food and Drug Administration

Docket # 00P-1211/CP1

5630 Fishers Lane, Room 1061 (HFA-305)

Rockville, MD 20852

Dear Commissioner Henney:

Please support the legal petition of the Center for Food Safety. It requests that FDA requires that no new genetically-engineered foods or products with GE ingredients be released until the Food and Drug Administration requires long-term safety testing of all GE foods before they go to market. It also requests that all GE foods presently on the market be labeled, giving consumers the right to know what's in the food they are eating.

Sincerely

Aaron Belausky
