

Docket # OQP-0586 CP2

Regarding this regulatory ruling
affecting US farmers + cheese quality -

WE DO NOT want imports

of ultra-filtered milk ^{DI MARKS #207}
VF/C45 or blends. (I can't believe
the US imports milk proteins from
at least 31 countries in year 2000 !!!)

Pennsylvania, my home state has
98,000 dairy + beef farmers. We don't
need or want imports!
