Jane E. Henney, M.D.
Commissioner
U.S. Food and Drug Administration
5600 Fishers Lane
Rockville, MD 20857-0001

Dear Commissioner Henney:

The abuse of antibiotics on a large scale in agriculture is rendering them useless for human disease, a matter which touches the life of every American. As such, I demand that our FDA take swift action to put a halt to this irresponsible and dangerous practice.

Sincerely yours,

Rachael Lyon

You know attention to this critical matter would be greatly appreciated. I have personally developed allergies toward many antibiotics that I could once tolerate. Many others are at risk as well.
