

December 12, 2000

Michael A. Friedman  
Food and Drug Administration  
Parklawn Bldg., 5600 Fishers Lane  
Rockville, MD 20857

Dear Michael Friedman,

I'm writing to you to ask that you  
stop requiring cruel and obsolete  
animal tests for pharmaceuticals.  
The in vitro tests work just as well.  
In this day and age there is no  
reason to still be subjecting  
animals to these cruel tests.

Thank you for your time.

Sincerely,

Penny McNeal
