

Dear Ms. Tenney:
Re= Docket No. OON1396 &
Docket No. OOD 1598

New rules ³⁹²⁷ & guidelines ⁰¹ recently ^{MAR 16} proposed by the FDA ^{NO 34} still do not
require mandatory safety testing
& labeling of genetically
engineered foods. This leaves
consumers vulnerable & unin-
formed. I believe that
these foods should absolutely
have mandatory safety
testing & be labeled as
such (g.e.) Sincerely,
Natale Diene
