

Docket #00D-1598 00N-1396

Dear Commissioner,

I am greatly concerned about
the proposition ^{2/28/80} ~~which~~ ^{APR 13 1977} would allow
genetically food to go unlabelled.

As a consumer it is my right to
know what I am buying and what
is in it. If foods go unlabelled then
this violates my rights as a consumer.
