

Pocket # 00N-1396, 000-1598

March 7, 2001

Dear FDA Commissioner,

I am appalled that so many genetically engineered foods are spread on the market without labeling or information. As a consumer, I have the right to know which foods have GE ingredients or are GE foods. The FDA's mission is to protect the consumer and you are required to do so. Sincerely,
RIS Okada Visla NE Hwy NM 87108 Fay P. Wozama
