Lake Umbagog, VT 02946-0894

To USDA:

I urge the USDA to grant petition 98P-0151CPI
to prohibit the slaughter of downed animals.

Animals who are too sick to stand pose health
threat, and should not be allowed to enter the human
food chain

It is impossible to move downed animals humanely,
and they're typically pushed with tractors or dragged
with chains - in humane process which cause
injuries ranging from bruises + abrasions, to broken
bones and torn ligaments. What kind of nice
society are we?
Respectfully,
Grace Naccarato
