To Whom It May Concern:

I am writing to voice my concern over genetically engineered food not being labeled for consumer information. It is extremely important to me that I know what is in my food and how it is grown. Currently, I purchase most of the vegetables and some fruits from our food co-op which carries organic produce. However, I do purchase some items from our local grocery store.

I do not believe GE foods are safe and wish to abstain from them. Please do everything you can to stop GE foods or make sure they are labeled appropriately.

Thank you for your help regarding this important issue.

Sincerely,

Paula Lawrence
