February 22, 2001

This letter serves as a 30 day notification pursuant to Section 6 of the Dietary Supplement Health and Education Act of 1994 (DSHEA), that Country Life® is using the following amended statement on the label of Methoxy-Tek™ Capsules (dietary ingredients: ipriflavone, 5-methyl-7-methoxyisoflavone & cyanotis vaga extract.). This statement is accompanied by the required disclaimer. To the best of my knowledge, the information contained in this notice is complete and accurate.

Methoxy-Tek is a non-hormonal blend of isoflavones and 20-hydroxyecdysone designed to support lean muscle mass and aid in protein synthesis. This unique formula can also support bone health and may help support a decrease in muscle breakdown. This leading edge supplement can be a potent tool for serious athletes and weight lifters.

Sincerely,

Morag Thorsen
Regulatory Affairs Manager B.A., M.A.L.S.
