

Docket #s OOD-1598 & OON-1396

Dear Commisioner,

As a consumer, I am concerned about the quality of my food, and its impact on human & environmental health. Therefore I urge you to ²⁰⁰⁷rethink your position on ~~genetically~~ ^{genetically} manipulated foods to require both pre-market safety testing, and labelling of these new foods. As I wish to avoid these foods for myself, family and friends, I find it frustrating that the FDA doesn't support my right to ^{choose} know what I'm ^{buying} ~~buying~~.

Sincerely - Patricia Fox Pitt
