

Docket # 00D-1598  
00N-1396

Dear Commissioner,

As a consumer I am very concerned about the quality of food for my family. Genetically Modified Foods should be safety tested before marketing, and should be clearly labeled. Please support both testing and labeling. I am concerned for human and environmental health. Please help us to have the information we need to make good choices.

Sincerely,  
Diana Lawton
