Gentlemen or Madame:

I am in favor of Docket #98P-0151/CPI.

All living beings deserve humane treatment.

The barbaric treatment of downed animals must stop. If the animals are that sick, they should be humanely euthanized on the farm, and not sent on. Hopefully, the animals will be treated much better on the farm, if there is no market for downed animals.

Thank you.

98P-0151
