Re: 99P-1340/Cp 1

I am writing to support the petition submitted in May 1999 by the Environmental Health Network to have Calvin Klein's Eternity eau de parfum declared misbranded.

As the petition shows, Eternity contains toxic ingredients and ingredients whose safety have not been substantiated. There is no warning label on its packaging. Please give this petition and the issue it represents the careful scrutiny they deserve. The public has a right to know and protect the health of our families.

Sincerely,

Mary Kay Ellis
