

TO the FDA-

- As caretaker of the public's health - you must CARE!!!

I am deeply ⁰³³⁰⁰⁰ ~~opposed~~ ^{OF} to the FDA's new policy being ^{MAR 13 P 1:51} considered on genetically engineered foods.

Your voluntary labeling & notification proposals do not protect the people you say you to be protecting

It is only right that

1. all "GE" foods be labeled so that I know & have a choice
2. "GE" foods must be completely tested before being forced on the public
3. There be a moratorium on "GE" foods until long term studies prove they are safe for our health and the environment
