

Dear Dr. Henney,

I am writing to express my concern over the FDA's regulation of genetically engineered (GE) food. I request that the agency's current policies be changed, and I support all the points in docket #00P-1211 \CPI-

HANUKKAH USA 33

- All GE foods should be labeled so I am informed and have a choice.
- GE foods should not be assumed to be "generally recognized as safe" and should have mandatory pre-market safety testing to determine the long-term impacts to human health and the environment.

Commissioner Jane Henney
 Docket No. 00P-1211 \CPI-601 A9:58
 FDA Dockets Management Branch
 (HFA-305)

(Additional Personal Comments:)

GE foods should also be tested as to their effects on animals (as in GE corn fed to cattle, etc....)
