Subject: U.S. Climate Action Report: Final Press Guidance

Attached for your use as appropriate is the final cleared press guidance concerning the U.S. Climate Action Report. The only change from the version sent to you last night is on page 4 where we deleted the words "by the Environmental Protection Agency" in the 4th full paragraph, line 3, after "would be transmitted electronically" and before "during the week of May 27, 2002." We made this change to make clear that the formal transmittal of the U.S. Climate Action Report to the U.N. Framework Convention secretariat was the responsibility of the Department of State and was undertaken by the Department of State.

Thanks to all for your help. Dan <<Press Guidance USCAR.doc>>
