Mr. Edward Boling
Freedom of Information Officer
Council on Environmental Quality
722 Jackson Place, NW
Washington, DC 20503

Re: Freedom of Information Act Request

Dear Mr. Boling,

Pursuant to the Freedom of Information Act, U.S.C. 552 and to the regulation of the U.S. Environmental Protection Agency, we are requesting copies of documents and information regarding all Council on Environmental Quality communications, pertaining to the Bush Administration's reference to "agreements with the semiconductor and aluminum industries" and the statement that the Administration "will build on these successes with new agreements and greater reductions," after February 14th, 2002.

This request should include, but not be limited to:

- Copies of all correspondence, letters, memos, cables, meeting and teleconference agenda, minutes, notes, transcripts, or tape recordings and phone logs regarding all communications from the Council on Environmental Quality concerning to the Bush Administration's reference to "agreements with the semiconductor and aluminum industries" and the statement that the Administration "will build on these successes with new agreements and greater reductions,"
- Copies of all records in the files of the Council on Environmental Quality which have been obtained from other Federal agencies or contain information obtained from other Federal agencies concerning the Bush Administration's reference to "agreements with the semiconductor and aluminum industries" and the statement that the Administration "will build on these successes with new agreements and greater reductions,"
- Copies of all records in the files of the Council on Environmental Quality which have been obtained from non-government lobby organizations, corporations and industry groups pertaining to the Bush Administration's reference to "agreements with the semiconductor and aluminum industries" and the statement that the Administration "will build on these successes with new agreements and greater reductions,"

We would appreciate a response at your earliest possible convenience. If this request should be denied, we would also appreciate a written explanation of the reasons under the Freedom of Information Act. Greenpeace reserves the right to appeal any denial of this request.

As we are requesting these documents in the public interest, and we are a non-profit organization, we request that all fees for copying these materials be waived.

Thank you for your prompt attention to this request. If you have any questions regarding this request, please contact me at (202) 319-2440.

Sincerely,

**James Moore
