Subject: Comments on US C.A.R.

As promised, attached are comments from several groups on the draft national communication. I'm still expecting comments on Chapter 5 by Jan. 2 and have heard from several sources that the following groups may still submit comments, including: Edison Electric Institute, US Climate Action Network (chapter 7), US Catholic Conference, and Ford. Note that US CAN submitted two separate sets of comments on Chapter 6.

Best wishes for the holidays.

Reid
