Subject: Oil Price rises caused by
importing from China and India

Most Oil demand caused from
these two countries having 40% of
World's population.

Stop WTO and ~~WAFIA~~ supporting China
Manufacture in The U.S.A primarily.

Place Import tax on China Goods

The U.S. Congress caused the Shortage
of Oil by aiding China and India

Now China and India wants more
automobiles thus using Oil. China has
money from U.S. buying Chinese products

X Thank you very much

Wealthy U.S. Corporations caused
The Oil Price Rise. (Shortage) ^{by lobbying} Congress

Thirty five years ago we bought
nothing from China and Oil was O.K.

Congress got faulty Advice.

Do trade with a potential enemy (China)

Guard Technical + Scientific Information

China is a Colonial Power today

Its going around World to gain
Commodities and Power.
