**MSC.SOFTWARE CORPORATION'S MOTION FOR LEAVE TO FILE  
AN AMENDED MOTION REQUESTING *IN CAMERA* TREATMENT  
OF CERTAIN HIGHLY CONFIDENTIAL DOCUMENTS**

Respondent MSC.Software Corporation hereby moves this Court for permission to file this Amended Motion Requesting *In Camera* Treatment of Certain Highly Confidential Documents. MSC incorporates by reference its June 25 Motion for *In Camera* Treatment of Certain Highly Confidential Documents setting forth the categories of documents and reasons why *in camera* treatment is warranted. Tabs A and B attached identify all of the Complaint Counsel's (Tab A) and Respondent's (Tab B) exhibits for which *in camera* treatment is sought by MSC.

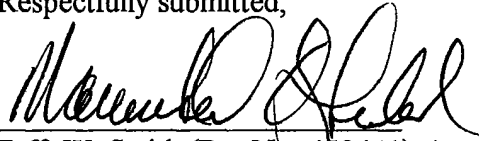

MSC seeks to correct and amend Attachment A to the Affidavit of Frank Perna, filed June 25, which lists the Complaint Counsel exhibits for which MSC requests *in camera* treatment. MSC has deleted exhibits which were inadvertently included in the June 25 Motion. Further, it has come to MSC's attention that several of Complaint Counsel's exhibits were either accidentally omitted from the June 25 Motion or not categorized according to MSC's designated areas of confidentiality (*e.g.*, sensitive pricing materials); these have been added or corrected. (*See* Tab A.)

In addition, MSC seeks to amend Attachment B to the Affidavit of Frank Perna, which lists the MSC exhibits for which MSC requests *in camera* treatment. MSC's amended Attachment B adds

documents that MSC has designated as highly sensitive since the June 25 filing. This Amended Motion includes all of MSC's exhibits that it believes deserve *in camera* treatment. (See Tab B.)

MSC respectfully submits that neither party to this proceeding is prejudiced by these corrected and amended *in camera* designations, and requests that this Motion be granted. For convenience, MSC has included "compare-write" versions of Tab A and Tab B, with additions appearing in bold and deletions appearing in strikeout text, which can be found at Tabs C and D, respectively.

Respectfully submitted,
