Every now and then the chains come off and you find yourself away from your desk. (Reluctantly, of course.) No problem. The Palm™ platform lets you bring the office with you. Read e-mail. Draft memos. And check appointments. It's also perfect for reading news, entertainment and travel information. Wherever you want. Without blowing your cover. Efficiently. Elegantly. Simply.

Visit us at the Macworld Expo in the Datavision Booth #1613 or the J&R Computer World Booth #941.

Features & Benefits

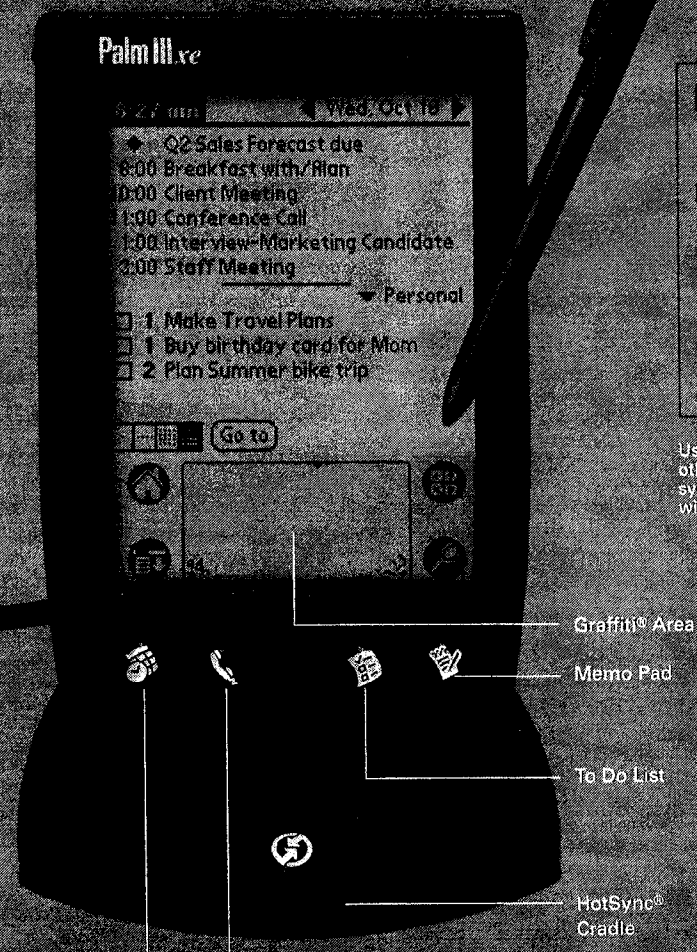
Internet & E-mail Access
Where and when you want it.

Powerful Yet Simple
You know instinctively how to get the most from your handheld computer right out of the box.

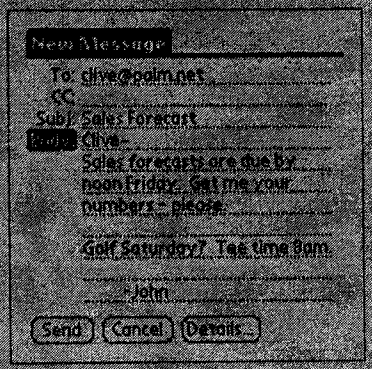
Safeguard Your Data
Back up, update, and exchange information between your handheld and PC with the touch of a button—then access your data from your PC or while on the go.

Easily Upgradeable
Included flash memory allows you to keep up to date with new features and software updates.

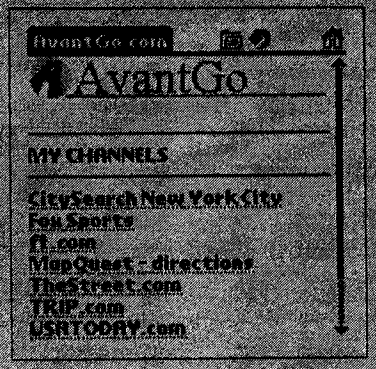
Do More with Less
Optimized system software for handheld computing lets you carry even more data and applications.



Handheld shown at actual size with HotSync Cradle.



Using the included Palm™ Mail client or other available e-mail add-ons, you can synchronize your messages and take them with you on the go.*



From the weather to maps, access any information on the Web with software such as AvantGo (included).

Thousands of Solutions
From games, to personal productivity and enterprise-class software, choose from a variety of software and hardware add-ons to extend the capabilities of your handheld.

Enter Data Your Way
Enter it from your PC, use the on-screen keyboard, write with Graffiti software, "beam" data and applications, or enter it with a compatible portable keyboard.
