**Keep to my Shopping Bag**

Child obesity is a growing problem in North America. Pedia Loss is an appetite suppressant for children 6 years and older. Allow children to enjoy their favorite foods without gaining weight. This revolutionary new formula slows the absorption of carbohydrates, allowing more to be burned for energy and less to be stored as fat. This highly effective and natural dietary supplement comes in berry-flavored chewable tablets for easy consumption. In conjunction with a proper diet and exercise program, Pedia Loss can keep your child from becoming a statistic.

Please consult your healthcare provider before giving Pedia Loss to your child.

### Pedia Loss is safe and effective for children of all ages

This synergistic formula was designed to aide in a child's glucose metabolism. Since many of their favorite foods are rich in carbohydrates but very low in dietary fiber, their digestive tracts and insulin never function properly. Now with Pedia Loss children can still enjoy their favorite food but with the help of Inulin their bodies with slow down the absorption of carbohydrate, allowing more to be burned for energy and less to be stored as fat, and give a great source of soluble fiber. In addition to this highly advanced ingredient, we have included supplemental amounts of both glutamine and FOS, which have both been proven to drastically improve intestinal health. Finally this product contains a highly effective compound called HCA. This compound has been shown to safely burn fat without any form of stimulants.

**Inulin** is a polysaccharide derived from the Jerusalem artichoke and Dahlia tuber. It is formed by linking 30 fructose monomer units together in a long chain. A natural fiber, it helps to moderate blood sugar levels in the body. Not only can inulin analog help avoid "sugar rushes and crashes" commonly experienced, but it may also help reduce sugar craving, a frequent source of calories. Inulin analog is not absorbed by the digestive tract and therefore contributes no extra calories while improving energy levels.

Fabulously Feminine is a safe, natural way to enhance sexual desire, satisfaction and enjoyment. The ingredients in Fabulously Feminine, when taken daily with a multivitamin, have been shown in a double-blind, placebo-controlled Stanford University study to enhance satisfaction with sex life, the level of sexual desire and frequency of sexual encounters.

It is estimated that 43% of women experience a loss of sexual vitality at some time in their lives. External factors such as stress and fatigue may contribute to the decline in sexual interest. Also, as we age, physical and psychological changes may impact sexual desire, satisfaction and enjoyment. Nutritional supplementation with the ingredients in Fabulously Feminine and a multivitamin appears to have a positive effect on a woman's health, overall sexual fitness and satisfaction.

A special libido enhancing formula designed specifically for women. Fabulously Feminine contains a proprietary blend of traditional libido enhancing herbs. Not being in the mood for sex is often times the result of poor stimulation; lack of energy, and hormonal
