Secretary Mike Leavitt's 500 Day Plan with a 5,000-Day Horizon

“The President of the United States has given me a very clear mission: to help Americans live longer, healthier and better lives, and to do it in a way that protects our economic competitiveness as a Nation.”

-Mike Leavitt, Secretary

MANAGEMENT TOOL

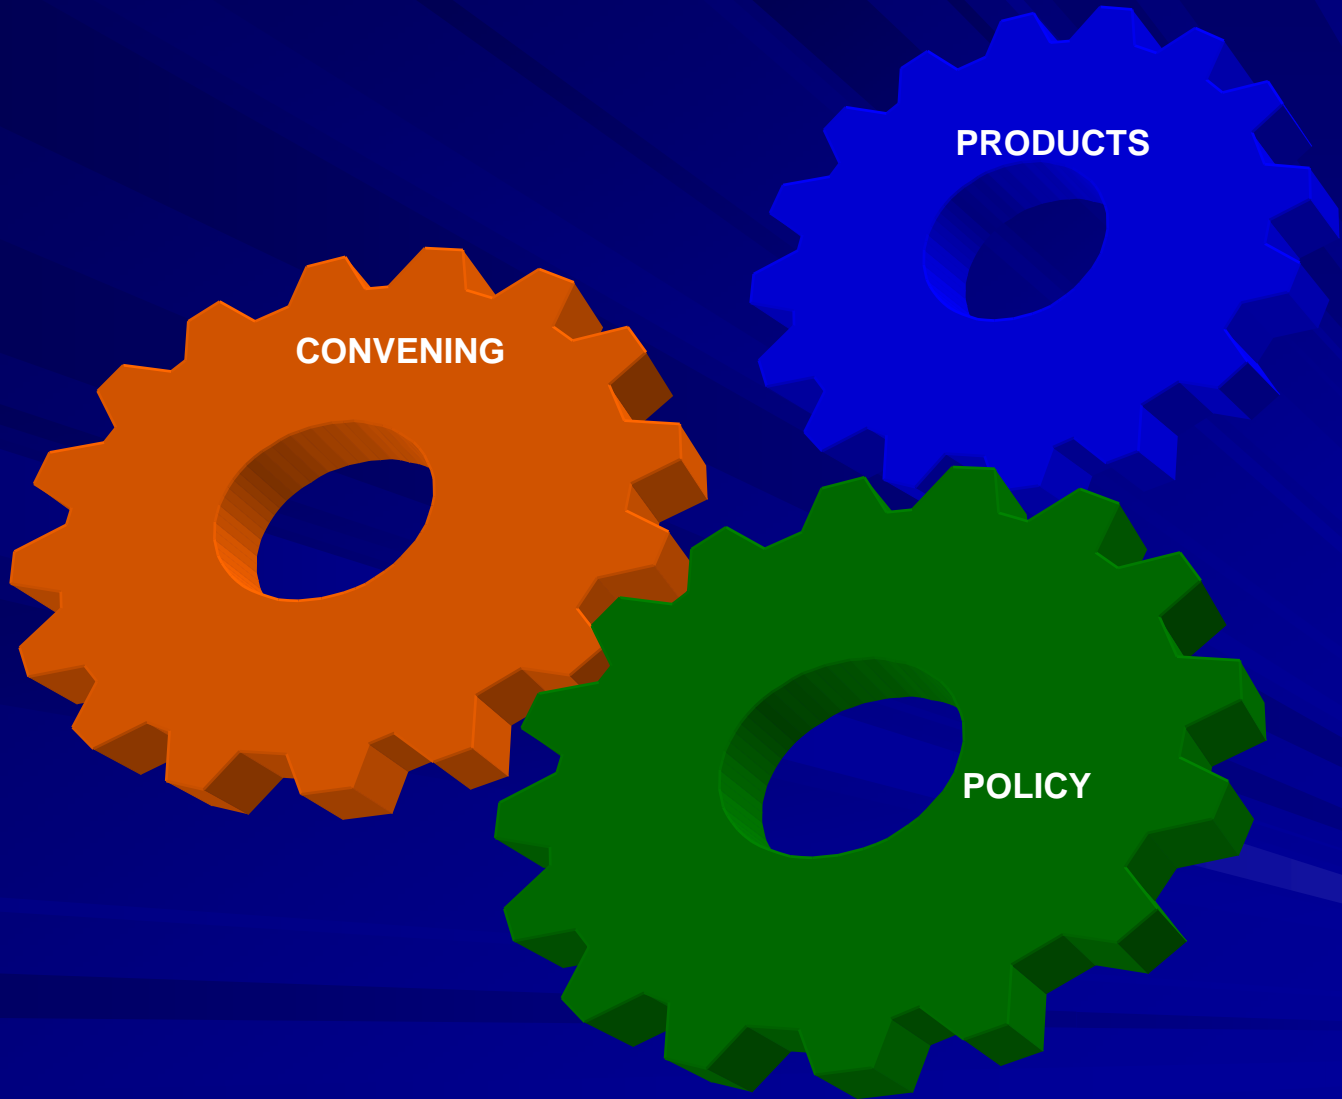

Ten Principles that form the philosophical backbone

- Care for the truly needy, foster self-reliance
- National standards, neighborhood solutions
- Collaboration, not polarization
- Solutions transcend political boundaries
- Markets before mandates
- Protect privacy
- Science for facts, process for priorities
- Reward results, not programs
- Change a heart, change a Nation
- Value life

Plan

- Transform the Healthcare System
- Modernize Medicare and Medicaid
- Advance Medical Research
- Secure the Homeland
- Protect Life, Family and Human Dignity
- Improve the Human Conditions around the World
