December 6, 2007

Dear Supplier:

### Change of Name

Effective immediately, the BWXT Y-12, L.L.C., name is changed to "Babcock & Wilcox Technical Services Y-12, LLC" (B&W Y-12). This name change is the result of a parent company corporate identity campaign that reflects the global presence and depth of capabilities of the Babcock & Wilcox Company.

The rights and obligations of the parties remain unaffected. This name change applies to all subcontracts including all modifications before November 29, 2007, (whether or not performance and payment have been completed and releases executed if B&W Y-12 or the Subcontractor has any remaining rights, duties, or obligations under these subcontracts).

All communications, including invoices, relating to any subcontract with B&W Y-12 should reflect this name change. The address, Subcontract Administrator, and Subcontract Number are not affected by this name change. Also effective immediately, all references to "Company" in subcontracts shall mean Babcock & Wilcox Technical Services Y-12, LLC.

If you have questions regarding this name change, please contact the Subcontract Administrator currently assigned to your subcontract(s).

Sincerely yours,

William Thornton, III  
Manager, Procurement Operations
