AB ENERGIZER

The First Multi-Electronic Exercise Belt

Easy To Use

Simply wrap the AB Energizer™ belt around your body and, with the press of a button, you're exercising.

Each electronic exercising unit offers 10 levels of exercise intensity in 2 different program modes:

- ▲ PROGRAM 1 - Body Toning
- ▲ PROGRAM 2 - Body Sculpting

Doctor Recommended

Sports Orthopedic Medical Surgeon

"I use the AB Energizer on my abdominal and back muscles. It creates muscle fatigue similar to other ab exercisers without the work, time and sweat. I recommend this product to my patients because it's safe, comfortable, simple and effective."

- Dr. Michael J. Skynar, Sports Orthopedic Medical Surgeon

What People Say About AB Energizer™

"I just push the buttons, and I can see and feel the AB Energizer work on my abs. It's as comfortable as a gentle massage."

- Family Attorney

"I used my AB Energizer for 40 minutes while eating frozen yogurt and watching TV and forgot I had it on! My abs never felt this tight!"

- Medical Trauma Technician

What Experts Say About EMS

A study involving 114 women ages 18-48 confirmed that electronic stimulation **INCREASES STRENGTH.**

Medical journal article June 1996

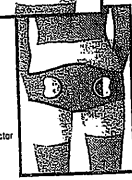

On the average, control group strength increased by 2%, isometric group 18%, and the group using **ELECTRONIC STIMULATION INCREASED STRENGTH BY 22%** over a 5 week period based on 10-15 minutes a day.

Research study published April 1993

BUILD AS MUCH MUSCLE power by applying stimulating current as you can by normal exercise.

Research study by a Canadian medical doctor

Even the mildest contraction, lasting only **THREE TENTHS OF A SECOND**, will register some increase in blood flow.

Research study by a medical surgeon
