Alt. COR: Timothy Beckham, IM-12
Alt. COR: Tonya Meadows, IM-12
Contract Specialist: Monica Serrano, MA-641
Contracting Officer: Patrick Thornton, MA-641
Contracting Officer: Al Manley, MA-641
COTM: Michelle Rick, IM-61
Alt. COTM: Peter Tseronis, IM-61

Task Order Scope:

Systems Development and Engineering - Activities pertaining to software development support for all existing, planned, and future DOE IT systems. Typical duties include capturing user and business owner requirements; coordinating with appropriate Departmental personnel regarding enterprise architecture; identifying functional, security, and performance requirements; developing logical and physical database models; performing coding, testing, quality assurance, design, and program documentation; implementation; and maintaining interoperability between future and existing hardware and software applications. Software applications include, but are not limited to, web applications, Commercial-Off-The-Shelf (COTS) integration, Government-Off-The-Shelf (GOTS) integration, and custom applications development. All work objectives will be defined and funding at the subtask level. Task Order ceiling is \$42,647,472.00.

Period of Performance: Option Year 1: April 5, 2008 through April 4, 2009
