

2 MICHAEL DeLEE: Somebody called MayLee. She's
3 here to speak. She didn't have that much to say. But on
4 her behalf, [I'd sure like to thank you guys for coming out]
5 to Amargosa Valley and doing this presentation for us,
6 because as a resident, it's always good to see if the
7 decisions are taken into consideration, the future of the
8 area.

9 And I know that the government is trying to
10 take our future into consideration. We have the
11 beginnings of a thriving community here in
12 Amargosa Valley, and I'm sure that everything you do
13 will be towards the end of promoting a thriving
14 community here.] So maybe she'll say a little more next
15 time.
