1 --> [9/11/2001 taught us that some people in this world are intent on scaring the American people. With all shipments of high-level nuclear wastes going to one single location, those who intend to frighten the American people need only lie in wait at the Nevada state line to attack a train or truck carrying nuclear wastes. What steps are being taken to assure the American public that an attack on a carrier carrying high-level nuclear waste will be met with adequate force?]
