 Comment Text :

1 --> [I am opposed to any and all activity at Yucca Mountain by the DOE or any other government agency or person. As a resident of Las Vegas for the last 20 years, I have been and am still opposed to all storage of nuclear waste at Yucca Mountain and any other facility in and around Las Vegas. I am opposed to any and all nuclear testing and any other nuclear activity.

I am opposed to any additional water being used for the Yucca Mountain facility. I am opposed to nuclear waste being transported to or from Yucca Mountain and any other activity that might be included in the storage of or transportation of nuclear waste at Yucca Mountain.

I am opposed to any more creation of nuclear waste by the United States government, and or states.]

2 [I would further like to add that the land that Yucca Mountain sits on belongs to the Shoshone Nation and needs to be returned to the Shoshone people per the treaty that was signed stating that it would be given back to them by the United States Government.]

Sincerely,
 Jennifer Grote
