1 --> [Each and every person in the State of Nevada should be concerned about water pollution. These agencies cannot guarantee that it won't happen, because they don't know all the answers. No other state wants the repository in their back yard, why us. This will be a danger to everyone in Las Vegas as the transportation by rail will be a a disaster ready to happen. No one can say it's not dangerous. You've seen things that have occurred in past years. I don't think this will help getting people to move here, they will go someplace else.]
