

U.S. Department of Energy Draft Repository SEIS,
Draft Nevada Rail Corridor SEIS and Draft Rail
Alignment EIS

HEARING COMMENT SHEET

RRR000253

Name: Judd Foremaster

COMMENTS:

I [I want to speak out about the railroad from Caliente to Yucca Mountain. I am ~~not~~ against this idea because the railroad would be cutting across to much important land. Me and my family have been hunting and enjoying that land for generations. We love the land for deer, birds, Christmas trees etc. and this railroad would be driving all of those things out. I'm more than sure that there is a much better way to the mountain that will not affect so many habitats and so many people's land. It would ruin to much land for so many people and animals.]

Please feel free to attach additional pages (if mailing, more postage may be needed.)
