1 [ --> As a concerned citizen of Nevada, I am completely opposed to the Yucca Mtn. project. The U.S. needs to take a responsible approach to recycling and storing nuclear waste, NOT dumping it in our state, NOT transporting it as great risks to the people. NO Yucca Mountain! The bulk of nuclear waste at this time is from the eastern states, let there be a regional/state plan for the handling of this nuclear waste. The proposal to truck or ship this across the entire country is sheer idiocy. ]
