I [ I am writing a quick note to say I strongly oppose establishing Yucca Mountain, a sacred site to indigenous people, as a nuclear repository. I feel this is first - an extremely unsafe site for such an endeavor due to fault lines. Secondly and most importantly, it will further provide an inhumane and unjust record of the U.S. in dealing with Native Americans. I ask that you find another site. ]

Thank You,

Sumner Gray 354 Juanita Ave
