1 [Yucca Mountain is precious, sacred land for Native Americans. Please do not destroy this part of Mother Earth by storing or processing, or dumping any nuclear products at all. The Ancestors took good care of Turtle Island. Since this beautiful part of the earth was taken away from the first Americans, she has been badly abused, and she cries out for better caretakers. Please become part of the restoration of Mother Earth, and not part of the destruction.]
Sincerely, Joy Delucchi
