Subject: NO GOOD REASONS FOR YUCCA MTN TO BE A RADIOACTIVE DUMP

LSN: Relevant - Not Privileged

User Filed as: Excl/AdminMgmt-14-4/QA:N/A

1 [I can't believe bringing radioactive waste to Yucca Mountain is still an issue. It is such an unsafe area with its many faults and flash floods. Transporting radioactive waste to Yucca exposes even more people to the danger inherent in truck accidents. Look at the records of accidents so far. In addition, this is sacred land to the Shoshone. Haven't we done enough to pollute the health and happiness of Native Americans?

Keep existing radioactive waste on site, protected from terrorists, and please don't build any more nuclear reactors. Government incentives for conservation and development of alternative energy sources is the only way to go.]
