--> To the DOE
and all concerned with
Yucca Mountain

[Yucca Mountain should not be considered for use as a nuclear waste dump, due to the significance it holds for the Shoshone and other peoples.

Yucca Mountain is a place of worship for these folks; a place of gathering herbs, a central piece of spirituality and history. To disturb it at all, let alone by making it a repository of deadly nuclear waste, is to commit desecration.

I strongly oppose the Department of Energy's plan to use Yucca Mountain for storing nuclear waste.]
