Re: Snake Mountain

Dear Ms. Summerson and Mr. Bishop,

I [ I am frightened, as I hope you are as well, by the idea that Yucca Mountain has been targeted as a nuclear waste disposal site. Geological fault lines run through and near the Yucca Mountain area making this a dangerous choice.

Our drinking water at this time on the planet is already so compromised. Please do not put our precious water at further risk.

Overall, the research on this site clearly shows that storing nuclear waste in this area is not safe or ethical. Please do not carry forward with this project. I hope you will do everything in your power to stop it. ]

Sincerely,

Sherry Houck
