Subject: Public Comment on Plans for Yucca Mountain

LSN: Relevant - Not Privileged
User Filed as: Excl/AdminMgmt-14-4/QA:N/A

I [I would like to state my strong opinion that the Yucca Mountain area should not be used as a nuclear waste dump. I understand this is sacred Shoshone land, and should be honored as such, in the same way that we would not destroy any other place of worship. .

Nuclear waste is too dangerous to move around. Leave it where it is for the time being, it is only too easy to make a foolish, retractable error when dealing with anything of this dangerous magnitude.]

Respectfully yours,

Cheryl Bloom, Mendocino, California
